Dear Mr. Secretary:

Re: 16 CFR Part 423 - Care Labeling Rule — Comments

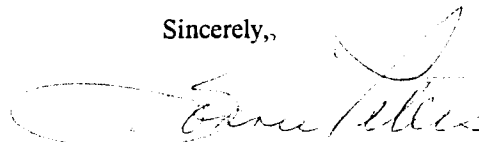

Thank you for the opportunity to comment on the Care Labeling Rule. I have read the proposed rules, and they appear to me to be comprehensive, helpful to the consumer and should ensure better quality labeling.

Two points I would like to make:

- (1.) If products/clothing or whatever sold at outlets are of lesser quality, the manufacturer should be required to clearly mark the item so that people are not misled into thinking they are getting "a bargain."
- (2.) The label should be made to be readable as long as the item/garment lasts. I am enclosing an example from a bra purchased at a Tennessee outlet mall. It is from a Bali or a Vanity Fair bra. The label not only is not very readable, but it rolls up and is uncomfortable.

Again, thank you for the opportunity to comment.

Sincerely,,

Bonnie Peters
